Billing System

The Red Sea Mall is one of Jeddah's premier international, local tourism and entertainment destinations. In addition to its own exciting and extensive repertoire of outlets, the Mall also provides exclusive access to the fascinating and educational entertainment park, which will become a highly sought after family destination and one of Jeddah's primary tourist attractions.

MTTS supplied the KWH meters and the Billing Systems for 572 shops.

Lighting Control, Electrical Systems , Plumbing Systems and Integration

System Integrator: MTTS
